Sir:

Attached hereto is a copy of the European Search Report for a European application relating to the subject matter of the above referenced U.S. patent application. Relevance of the cited publications to the above-referenced U.S. application is presumed since they have been cited by the European Patent Office. Neither the applicants nor their U.S. representative has reviewed these publications to determine whether the subject application is patentable over the cited art. Copies of the search report and the cited publications are enclosed.

The Examiner's attention is directed to publications cited in an Information Disclosure Statement filed on January 10, 1990, and of record in parent application serial number 07/357,035 filed May 25, 1989.

Respectfully submitted,

Date: 9/4/91
